

# SPEED-EVAC

## MOUTHBIT ESCAPE RESPIRATOR

### EASY-TO-USE, EMERGENCY RESPIRATOR

The Speed-Evac mouthbit respirator is an emergency escape respirator that provides the wearer with at least 15 minutes to escape from a toxic, non-IDLH environment contaminated with ammonia or acid gases (chlorine, chlorine dioxide, sulfur dioxide, hydrogen sulfide or hydrogen chloride). Phosgene and Acrolein information is available upon request.

Speed-Evac is easy to use and requires only minimal training. With a small, lightweight and ergonomic design it is easy to don in an emergency situation.

Packaged in either a protective pouch with belt clip or hard case with belt clip, the Speed-Evac comes ready to use.

## ORDERING INFORMATION

Part Number	Description
